EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Sweeny on 12/20/04.

The application has been amended as follows:

In claim 1, line 9 –a fold is located between each play combination—has been inserted before “wherein”.

2. The following is an examiner's statement of reasons for allowance: None of the references alone or in combination teach the claimed “a fold line is located between each play combination wherein the play piece is folded to form an unused position wherein the serial number is revealed and the first and second play combinations are concealed, and the play piece can be unfolded to first reveal the first play combination and then the second play combination” as recited in claims 1 and 16. None of the cited references alone or in combination teach the claimed “wherein the play piece is configured such that the serial number is revealed and the first and second play combinations are concealed when the first and second play combinations are folded over each other and the first and second play combinations are revealed by opening the playing piece” as recited in claims 8 and 23. None of the cited references alone or in

combination teach the claimed "method of forming a play piece for a game of chance.....folding the play piece such that the plurality of play combinations are folded over one another" as recited in claim 18. All the cited references that show a folded lottery ticket including Greenwood 062', Greenwood 899', Logander, and Wilner, only disclose a lottery ticket with one fold and one play combination.

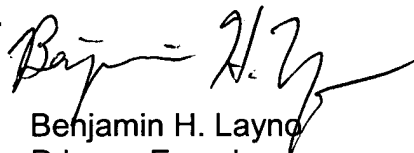

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
